

GE1 ONE UNIT SAVE PER DAY AUDIT PROCEDURE

This Procedure will help for new Club Members to start and complete audit in one House

Identify the Home to be Audited

Register with **GREEN9 ENSAV APP** from Google Play Store

Generate the Membership Card from My Profile in **GREEN9 ENSAV APP**

Fix the appointment with the Resident – Make available that all Family members present

Distribute **GE2**- OUS poster to the Family members and explain nine energy saving points in detail

Conduct Preliminary Audit with **GE3** Procedure

Collect Data through **GE4** template

Have one audit photo with resident

Discuss with the Faculty Mentor and Complete the Recommendation through **GE5**

Upload the Recommendation and necessary documents in **GREEN9 ENSAV APP**

Submit the Recommendation to the Audited Home

Demonstrate the following, a) Earthing b) Electrical Safety c) Troubleshooting to the House members

Make understand the Resident to implement Recommendations

Post Audit the House after two months and measure savings through **GE6**

Upload the savings in the **GREEN9 ENSAV APP** and Complete the first Audit Process

Continue the Audit to Complete 50 Houses

GREEN9 APP will generate Bronze Energy Ambassador Certificate for successful completion of 50 Audit

Submit research report (**refer GE7**) to G9 Digital Library with comparative analysis of 50 House Audit

Successful report will be reviewed and recommended for **SCOPUS** Publication

Continue the Audit to Obtain Silver, Gold, Diamond and Platinum Ambassador Certificate

Thank You
